

CargoMaster A 310

Considerate:
The CargoMaster A 310 climbs stairs without damaging them.

Stability under load:
The sturdy frame is designed to meet special requirements.

Adaptable:
The transportation of goods on all kinds of surfaces is possible without a problem

Lifting capacity: 310kg

Climbing speed: 4-10 steps per minute

Capacity: 15-30 stories with one set of batteries (depending on the loads weight)

A 310

The CargoMaster A 310 has been specifically designed for the transport of heavy loads such as heating boilers, stoves, heaters or parts of machinery. Thanks to its powerful 24 volt electric drive, it masters up to 310kg effortlessly. The fortified frame of the A 310 as well as its toe plate, adjustable in height, make allowances for the extreme demands on the machine.

The CargoMaster A 310, like all the other models, is equipped with a safety belt, automatic safety brakes, and extendable handlebars. Despite its enormous power and

sturdiness, the A310 is like all the CargoMaster climbing systems, extremely flexible. Its climbing speed is adjustable; further, it can be furnished with smooth running wheels (recommended up to 250kg) or wheels for heavy loads depending on the job at hand. Finally you can use the device continuously thanks to an optional second set of batteries.

A 310

TECHNICAL DATA

Technology

lifting capacity	kg (lbs.)	310 (680)
climbing speed	(steps / minute)	4 - 10
capacity with one battery charge (depending on the load)		15 - 30
batteries	V / Ah	2 x 12 / 7,2
weight with batteries	kg (lbs.)	46 (101)
weight of batteries	kg (lbs.)	6 (13)
DC Motor	V	24
height	mm	1130
width	mm	590
depth	mm	520
handlebars	(extendable to mm)	1800

Equipment

sealed lead acid vapor proof batteries	●
automatic charger	●
extendable handlebars	●
climbing speed, continuously adjustable	●
solid rubber tyres; run like pneumatic tyres	◆
equipment for quick change batteries	●
toe plate, adjustable in height	●
platform, carpeted	■
toe plate extension 25 cm (screw on)	-
toe plate extension, exchangeable	■
barrel equipment, with adjustable supports	■
safety belt, extra	■
portable stairs (3 steps) made of steel	■
portable stairs (4 steps) made of steel	■
frame cover plate, carpeted	-
charging cable for the vehicle, 12 V DC	■
supporting frame, to put heavy loads on pedestals, etc.	■
support bow for tall loads, installed between the handlebars	■
quick release batteries, charging electronics included	■
single step mode	-
adjustable handles	■
box for tiles	■
certification	CE

Comfortable: The adjustable toe plate can be easily moved into the desired position

You can transport even highly sensitive goods such as medical apparatuses, computers, copy machines or control boxes with the CargoMaster A 310. The adjustable climbing speed of 4 to 10 steps per minute provides the perfect climbing speed for the job at hand.

Further, high goods are also transported comfortably because they rest safely on the extendable handlebars of the CargoMaster A 310. The adjustable toe plate provides the possibility to shift the load's centre of gravity. Thus goods with both a high and a low heavy point are transported effortlessly with the A 310. Special catches hold the toe plate safely into place thus ensuring the safety of the load.

Agile: With a bit of practice you may use the CargoMaster A 310 even on narrow & winding stairs

Reliable: Even heavy goods with an unfavorable center of gravity are parked safely on stairs
